An Anecdoted Topography Of Chance

An Anecdoted Topography of Chance is arguably the most important and entertaining "Artist's Book" of the post-war period. This edition is the definitive appearance to date of a unique collaborative work by four artists associated with the FLUXUS and Nouveau Realisme movements, and is substantially larger than the three previous versions published in France, the USA and Germany.

Anecdoted Topography of Chance: Probably Definitive Re ...

daniel spoerri has created something of a literary analog to his "snare-pictures" (tables which he fastened objects to and hung as art)-- the "anecdoted topography of chance" constructs a world out of the small items that happened to be on a particular table of spoerri's at an arbitrarily chosen time. this book can be a lot of things; it can be a pin-hole autobiography, a fluxus-informed theory of art, an illustrated journey through the fetishized clutter of a serious pack-rat, a compendium of o
