Earthquake - Appliance Parts

I have an old Earthquake (Ardisam) 2-cycle auger than hasn't been run in years. I believe it's a model 8900E device. The engine is made by Tecumseh, and the carburetor is stamped with "Tecumseh" too. the only numbers I found printed on the carburetor were either 5170 D I V or PV 35. Are replacement carburetors available for that model?
