Doctor Who And Philosophy Bigger

In Doctor Who and Philosophy, a team of mostly human philosophers (who are also fans) looks at the deeper issues raised by the Doctor's mind-blowing adventures. They discuss, among other topics, the Doctor's philosophy of science, the ethics of a universe with millions of intelligent species, what makes one life-form more important than another, whether time travelers can change history, and ...

Like the Tardis, the Doctor Who TV show is bigger on the inside. Doctor Who's writers never seem to come to any definitive conclusions, but they do ask the important questions that have dogged philosophers for ages: How can psychological identity be defined when the self changes over time? Can violent creatures have a reasonable system of ethics?

Doctor Who and Philosophy: Bigger on the Inside gives you an incredible insight into the longest running BBC show. This is a hugely useful companion for any Whovian to have on their bookshelf. It'll possibly also teach you many things you haven't already discovered for yourself about The Doctor and his alien enemies. It's a really interesting read.

Doctor Who and Philosophy: Bigger on the Inside: 55 ...

"This dimensionally transcendental volume explains what the Doctor never gets around to until later: the basics of Gallifreyan philosophy and ethics, as translated through Earth's philosophers. A fun, informative volume for folks interested in an introduction to philosophy through the vortex of Doctor Who ."

Doctor Who and Philosophy

This is an outstanding work of scholarship that was literally thirty years in the making. No one has done more to demonstrate the legitimacy and importance of philosophizing about pop culture than Kevin Decker, and Doctor Who has been his dearest cultural love since he first watched the show as a kid in the '80s.
