Public Enterprises: Role of Public Enterprises (PEs) for ...

Postmodern enterprise resource planning (ERP) bridges the gap between the original promise of ERP and the realities of deploying it in the public sector. It can give public sector and information technology (IT) leaders a pragmatic way to deliver efficiencies and business insights to stakeholders. It provides a more flexible and agile approach to transforming your ERP environment to help you realize benefits faster and lower costs and risks.

Public sector enterprise resource planning: Government ERP ...

Compared to government bureaucracy, state owned enterprises might be beneficial because they reduce politicians' influence over the service. [12] [13] Conversely, they might be detrimental because they reduce oversight and increase transaction costs (such as monitoring costs, i.e., it is more difficult and costly to govern and regulate an autonomous SOE than it is the public bureaucracy).

State-owned enterprise - Wikipedia

According to President Roosevelt, "A public corporation is clothed with the powers of the government but possessed of the flexibility and initiative of private enterprise." "Public Corporation is a continuation of public ownership, public accountability and business management for public ends."
