It's disappointing that  
there's no convenient  
menu that lets you just  
browse freebies.  
Instead, you have to  
search for your  
preferred genre, plus  
the word 'free' (free  
science fiction, or free  
history, for example). It  
works well enough  
once you know about  
it, but it's not  
immediately obvious.
