Remember that lab reports are

# File Type PDF Lab Report Biology Matriculation Inheritance

individual assignments. You may have a lab partner, but the work that you do and report on should be your own. Since you may see this material again on an exam, it is best that you know it for yourself. Always give credit where credit is due on your report. You don't want to plagiarize the work of others.

## **How to Format a Biology Lab Report - ThoughtCo**

Genetic inheritance is a basic principle of genetics and explains how characteristics are passed from one generation to the next. Genetic inheritance occurs due to genetic material in the form of DNA being passed from parents to their offspring. When organisms reproduce, all the information for growth, survival, and reproduction for the next generation is found in the DNA passed down from the ...
