Its proponents claim democracy as the most important development in the twentieth century. Democracy has been widely accepted as the 'normal' form of government to which all nations are entitled - whether in Europe, America, Asia, or Africa. The assumption is that for a nation to prosper, a democratic state is required.

Monthly Review | Socialist Register 2018: Rethinking Democracy

The financial crisis and the migration crisis served to heighten the salience of immigration in the EU's member states. Drawing on a new study, Andrea Fumarola explains how both crises have reshaped not only the policy agendas of governments, but also the dynamics of party competition. The last twenty years were marked by historical events like the 2004, 2007 and 2013 EU enlargements, the ...
