Rheumatology Clinical Scenarios

Rheumatology: Clinical Scenarios is a case-based learning tool for trainees in rheumatology. Professor Efim Benenson presents 73 clinical scenarios and 156 clinical images for the student of rheumatology to diagnose, whilst his expert commentary is provided in a separate section. As a further diagnostic aid, two 'Rheumatology Trees' are provided which summarize in turn the articular and musculoskeletal disorders, as well as the connective tissue disorders and vasculitides.
